Believe me. This is very very funny. I am in awe of this total concept. What do you call this? In Japanese if possible. So seriously impressed. I can't wait to serve this to my sushi snob friends.

Trump was investigated for obstructing the Flynn case. At the time of his meeting with Comey, however, the FBI had cleared Flynn and dropped investigation. So they investigated Trump for asking about a case that the FBI had already closed. First indictment should be Comey.
